Forestry Technician/Assistant Series

California State Personnel Board Specification

Series established August 31, 1982

Scope

This series specification describes three levels of Forestry Technicians/ Assistants used in the Department of Forestry.

Schem Code	Class Code	Class
BZ05	1085	Forestry Technician
BY95	1086	Forestry Assistant I
BY85	1093	Forestry Assistant II

Definition of Series

The Forestry Technician/Assistant series describes positions throughout the State planned for training and developing individuals to perform in a variety of professional/technical assignments in resource management in State forests, nurseries, ranger units/districts, and in Regional and Sacramento headquarters assignments. The class series provides incumbents avenues for advancement into the Forester series. Advancement through the series to Forester I can be accomplished in approximately seven years, although actual time frames will vary among individuals based on their varying levels of education, work experience, and motivation. Since the number of positions are limited, change of location may be necessary to advance through the class series. Individuals desiring to advance to the Forester series and eventually obtain Registered Professional Forester (RPF) licenses required for appointment to Forester II positions, will need to pursue positions which provide varied and broad experience, as well as supplemental forestry course work if they do not have a forestry degree. The State Board of Forestry will accept only a minimal portion of actual fire suppression experience toward the experience requirement for the RPF license.

Typical assignments include forest practice; service forestry; State land surveys; chaparral management; nursery operations; insect control; range improvement; and ranger unit/district prefire planning, inspection, and program administration. Incumbents are considered part of the Department's emergency response team and will perform fire suppression, prevention, and/or inspection duties during fire season and, infrequently, on other occasions. Individuals entering the series at any level must complete a basic Forest Fire Fighter Training Course prior to working in emergency assignments.

FORESTRY TECHNICIAN

FORESTRY TECHNICIAN HIRING

- First testing classification in the Forester career path
- Positions are permanent and are typically used on Fuels Reduction Crews
 - ✓ Duties include running chippers/chainsaws/other light equipment, felling trees, and assisting with prescribed fire projects
- Applications are accepted periodically throughout the year (Three to four times a year based on hiring needs)
- Hiring usually occurs throughout the year based on needs
- Six months of experience in resource management (such as fuels reduction work) and equivalent to completion of the 12th grade is one of the minimum qualification patterns
- Hiring process is completed by each Unit based on criteria they have developed

TWO-STEP PROCESS

TWO-STEP PROCESS

STEP 1: TAKE AN EXAMINATION

- Search and apply for open examinations that evaluate your education, experience, abilities and knowledge.
- Prepare for the examination - The examination bulletin indicates the types of testing methods used. Individuals should review the knowledge, skills, and abilities section to prepare for the examination.
- Obtain list eligibility - Successful examination candidates are placed on an eligibility list. Candidates should refer to their examination results for specific list eligibility expiration dates. Eligibility lists are divided into ranks by score. Candidates in the top three ranks are immediately eligible for appointment.

STEP 2: APPLY FOR JOB VACANCIES

- Search and apply for current vacancies in the classification to which the candidate has established eligibility. Candidates should read the vacancy information carefully as requirements for submitting applications may vary.
- Ranking/Interview - The hiring interview is conducted after establishing list eligibility. Departments have discretion to interview anyone in the top three ranks. A candidate's ranking may change as hires are made; names are often added to and deleted from the eligibility lists.
- Job offer - Determine conditions of employment. Probationary period can be six months to one year depending on the classification.

Department Information

The California Department of Forestry and Fire Protection (CAL FIRE) is California's fire department and resource management agency. The organization is comprised of nearly 8,000 permanent and seasonal employees. The mission of the Department is to serve and safeguard the people and protect the property and resources of California.

When you join CAL FIRE, you join a family of employees that function as a team. You will build trust and friendship with your co-workers, as together you respond to emergencies and challenging situations. CAL FIRE provides employees with a variety of career choices and opportunities. CAL FIRE offers well-paying careers and opportunities for advancement. We hope that you will consider a rewarding and challenging career with CAL FIRE!

Special Requirements

All job applicants must provide their employment history on the application form (State Application STD 678) rather than attaching a resume to the form, otherwise the application may be considered incomplete.

1. Do NOT include ANY confidential information on any documents you submit for a job vacancy, such as your State application, resume, or educational transcripts. Confidential information that should be excluded or removed from these documents includes, but is not limited to, your Social Security Number (SSN), birthdate, student identification number, driver's license number (unless required), basis of eligibility examination results, LEAP status, marital status, and age. Confidential information on the first page of applications submitted electronically online, such as Easy ID number, SSN, examination related information, and driver's license number will automatically be redacted upon submission.
2. Possession of Minimum Qualifications will be verified prior to interview and/or appointment. If you are meeting Minimum Qualifications with education, you must include your unofficial transcripts/diploma for verification. Official transcripts may be required upon appointment. If it is determined a candidate does not meet the Minimum Qualifications, the candidate will be withheld from the eligibility list, rendering them inactive and ineligible to be hired for the position. Candidates who have been withheld may file an appeal with the State Personnel Board.

The minimum qualifications can be found in the Accountant Trainee classification specifications.
