Forestry Technician/Assistant Series

California State Personnel Board Specification

Series established August 31, 1982

Scope

This series specification describes three levels of Forestry Technicians/ Assistants used in the Department of Forestry.

Schem Code	Class Code	Class
BZ05	1085	Forestry Technician
BY95	1086	Forestry Assistant I
BY85	1093	Forestry Assistant II

Definition of Series

The Forestry Technician/Assistant series describes positions throughout the State planned for training and developing individuals to perform in a variety of professional/technical assignments in resource management in State forests, nurseries, ranger units/districts, and in Regional and Sacramento headquarters assignments. The class series provides incumbents avenues for advancement into the Forester series. Advancement through the series to Forester I can be accomplished in approximately seven years, although actual time frames will vary among individuals based on their varying levels of education, work experience, and motivation. Since the number of positions are limited, change of location may be necessary to advance through the class series. Individuals desiring to advance to the Forester series and eventually obtain Registered Professional Forester (RPF) licenses required for appointment to Forester II positions, will need to pursue positions which provide varied and broad experience, as well as supplemental forestry course work if they do not have a forestry degree. The State Board of Forestry will accept only a minimal portion of actual fire suppression experience toward the experience requirement for the RPF license.

Typical assignments include forest practice; service forestry; State land surveys; chaparral management; nursery operations; insect control; range improvement; and ranger unit/district prefire planning, inspection, and program administration. Incumbents are considered part of the Department's emergency response team and will perform fire suppression, prevention, and/or inspection duties during fire season and, infrequently, on other occasions. Individuals entering the series at any level must complete a basic Forest Fire Fighter Training Course prior to working in emergency assignments.

FORESTRY TECHNICIAN

FORESTRY TECHNICIAN HIRING

- First testing classification in the Forester career path
- Positions are permanent and are typically used on Fuels Reduction Crews
- Duties include running chippers/chainsaws/other light equipment, felling trees, and assisting with prescribed fire projects
- Applications are accepted periodically throughout the year (Three to four times a year based on hiring needs)
- Hiring usually occurs throughout the year based on needs
- Six months of experience in resource management (such as fuels reduction work) and equivalent to completion of the 12th grade is one of the minimum qualification patterns
- Hiring process is completed by each Unit based on criteria they have developed

TWO-STEP PROCESS

TWO-STEP PROCESS

STEP 1: TAKE AN EXAMINATION

- **Search and apply for open examinations** that evaluate your education, experience, abilities and knowledge.
- **Prepare for the examination** - The examination bulletin indicates the types of testing methods used. Individuals should review the knowledge, skills, and abilities section to prepare for the examination.
- **Obtain list eligibility** - Successful examination candidates are placed on an eligibility list. Candidates should refer to their examination results for specific list eligibility expiration dates. Eligibility lists are divided into ranks by score. Candidates in the top three ranks are immediately eligible for appointment.

STEP 2: APPLY FOR JOB VACANCIES

- **Search and apply for current vacancies** in the classification to which the candidate has established eligibility. Candidates should read the vacancy information carefully as requirements for submitting applications may vary.
- **Ranking/Interview** - The hiring interview is conducted after establishing list eligibility. Departments have discretion to interview anyone in the top three ranks. A candidate's ranking may change as hires are made; names are often added to and deleted from the eligibility lists.
- **Job offer** - Determine conditions of employment. Probationary period can be six months to one year depending on the classification.

VETERAN PREFERENCE

Promotional Examinations:

In evaluating minimum qualifications, related military experience shall be considered State civil service experience in a class deemed comparable by CalHR, based on the duties and responsibilities assigned.

- Veterans Preference – Any veteran, widow, or widower of a veteran, or spouse of a 100 percent disabled veteran, who achieves a passing score in an entrance examination, shall be ranked in the top rank of the resulting eligibility list.
- Any veteran who has been dishonorably discharged or released is not eligible for Veterans' Preference.
- To apply for Veterans' Preference, a legible copy of the Certificate of Release or Discharge from Active Duty (DD 214) and a Veterans' Preference Application (CalHR 1093) must be submitted to CalHR's Examination Unit at 1515 S Street, Sacramento, California 95811, regardless of which department is administering the examination.
