

CEQA FOR PLANNING PROJECTS

Do you plan to host any grant funded trainings on your land that could result in ground disturbance?
(RT-130, S-130/190 with line dig field day, etc.)

YES

NO

Do you have completed and signed NEPA or CEQA documents that would apply to the training area and activities?

Contact CAL FIRE's Climate & Energy Environmental Compliance Team to receive written confirmation that environmental compliance would not apply (e.g., no ground disturbing activities have been identified) prior to conducting any grant-funded training(s).

YES

NO

Written environmental clearance is **required** from CAL FIRE's Climate & Energy Environmental Compliance Team prior to implementing grant-funded activities that would result in any ground-disturbance.

Please follow the "Environmental Compliance Review Procedures".
[Environmental Compliance Review Procedures PDF](#)

Contact CAL FIRE's Climate & Energy Environmental Compliance Team to discuss "next steps" or options for achieving environmental compliance.
