

Green Schoolyards Additional Campuses Form

Campus #: _____

Review the full 2025-2026 Aliso Canyon Green Schoolyards Grant Guidelines prior to completing the campus section of this application. Note: You must complete a set of questions per campus.

This form and all additional required uploads should be combined into a single PDF document and uploaded to your Aliso Canyon application in Grants Portal.

Campus Name *

Requested Grant amount for this Campus *

Campus Address *

List county and census tract numbers for this campus. *

Latitude and Longitude. *

Use the following links: *Latitude and Longitude Finder* to provide a central point in your project area and the *California Climate Investments Priority Populations* when identifying the 10-digit census tract number.

Describe the school community the project will serve*

Attach to this form documentation demonstrating that this project will serve DAC or in-need educational facilities. While specific tools may be used to support this determination, they are recommended but not required. Refer to pages 15–16 of the grant guidelines for suggested tools and additional guidance.

Project Scope of Work and Objectives*: Describe the project in detail

Include who will be involved and their specific roles and responsibilities, what the project aim to accomplish, how the project will be implemented, the specific activities and steps that will be taken to achieve overall objectives.

Project Deliverables*: Select all that apply and list their corresponding unit below. For example:
Shade Trees - 150 Trees

Campus and Community Engagement Plan*: Describe how students, staff, families and community members will be meaningfully involved in the project

Campus Project Timeline*: Provide a general timeline for the project (do not include dates). All projects but be completed by February 2030.

Site Maintenance and Long Term Sustainability Plan*: Describe current site maintenance practices and your plan for long-term maintenance of the project. Include, who will be responsible for maintenance, how ongoing care will be funded, whether additional financial support will be needed.

Attach to this form the Long Term Tree Maintenance Plan. Grantees are responsible for replacing any trees that do not survive the 3-year post-planting maintenance period. Post-grant maintenance costs are eligible project expenses. Refer to page 17 of the grant guidelines for more information.

Outdoor Space Information*: *Total square footage of outdoor space accessible to children and percentage of outdoor space that is asphalt or concrete*

Impervious Surface Removal*: *Will this project remove asphalt or concrete from the campus? If yes, estimate the total square footage to be removed. See page 11 of the Grant Guidelines for additional information.*

Property Ownership*: *If the property owner is different from the applying entity, provide the owners name, email and phone number.*

Lease Information (if applicable): *If the campus property is leased, describe the lease terms and any relevant conditions*

Lease Agreement: *Attach to this form a copy of the lease agreement.*

Memorandum of Understanding (MOU): *Attach to this form a copy of the MOU. An MOU demonstrating long-term commitment to the project is required at the time of application submission. If the applicant does not own the property, an MOU from the property owner must be included.*

Total number of CAL FIRE funded trees for this campus*:

List of Trees and Plants *: *Provide a detailed list of all proposed trees and plants, including common name, Genus and species, approximate quantity of each species, and planting stock size for each species*

Attach to this form site images for this campus. Provide 5-10 representative site photos.*
Provide 5-10 representative site photographs and 1 ariel image of school campus. Include short descriptions of each image. Include brief captions describing each image. Photos should clearly show current site conditions and align with project objectives.

This form and all additional required uploads should be combined into a single PDF documents and uploaded to your application in Grants Portal
