Attachment 10

To: John Binaski, Chairman
Statewide Training and Education Advisory Committee
c/o State Fire Training

From: Caryn Petty, Deputy State Fire Marshal
State Fire Training

Subject/Agenda Action Item:

Clovis Fire Department Accredited Local Academy (ALA) Reaccreditation

Recommended Actions:

Recommend Clovis Fire Department remain an Accredited Local Academy (ALA) in the State Fire Training (SFT) system for the Reaccreditation period of five (5) years.

Background Information:

A Re-Accreditation Site Evaluation was conducted on November 21, 2019, at the Clovis Fire Department training center located at 3455 Lind Avenue in Clovis, California. The Evaluation was conducted by Deputy State Fire Marshal Caryn Petty, State Fire Training, with agency host Deputy Fire Chief Chris Ekk and Academy staff present throughout.

A review of the Department's Self-Assessment Report (SAR) was discussed with agency representatives present, with requirements for supplemental documentation noted. Said documentation has since been received and has met the requirements as set forth by State Fire Training policies and procedures. The review of the SAR was followed by a tour of all classrooms and training facilities with opportunity to review training course records and equipment compliment. A supplemental addendum was further provided by CFD assuring no changes or alterations have been made to the training grounds between the time of the visit and the delivery of this report.

Analysis/Summary of Issue:

A tour of the training facilities indicated sufficient classroom space with a fully functioning training tower complete with all necessary props, tools, and equipment to accommodate a fire academy training program as supplemented by satellite training sites and locations. The Clovis Fire Department successfully adheres to the Fire Fighter 1 (2013) curriculum and possesses all necessary materials for continued certification testing and can transition to the proposed 2019 curriculum with ease.

The training facility presents an appropriate academy classroom equipped with enhanced audio/visual equipment and necessary learning aids. All Academy recruits are provided sufficient study materials, devices, and equipment for applicable success within the Academy training. Several Registered Instructors within the agency participate in the Academy delivery and the Department will continue hosting additional State Fire Training courses at the facility in conjunction with cooperating and neighboring agencies. All student records are maintained in a compliant and confidential manner.

The Clovis Fire Department is an accomplished organization serving a uniquely diverse community. Well-rounded and experienced personnel provide for expansive response capabilities with a steadfast focus on serving the needs of the region. The Department provides comprehensive training evolutions focused on relevant and timely techniques. The Clovis Fire Department continues to be a staple in the State Fire Training system via member participation in curriculum delivery, advisory committee participation, and feedback provision. Given its progressive nature, the Department possesses a strong need for additional administrative support personnel and funding for program enhancement and sustainability.

The Clovis Fire Department has demonstrated a steadfast devotion to fire training, safety, and standardization, efforts reliably demonstrative of this exceptional member of the California fire service. It is recommended that Clovis Fire Department continue to be designated as an Accredited Local Academy in the State Fire Training system for a Reaccreditation period of five (5) years.
