To: State Board of Fire Services

From: Caryn Petty, Deputy State Fire Marshal

SUBJECT/AGENDA ACTION ITEM:

Community Risk Curriculum Prerequisites Interim Procedure

Recommended Actions:

Approval of the Community Risk Curriculum Prerequisite Interim Procedure

Background Information:

In January 2019, State Fire Training staff began a cursory review of the Community Risk curriculum based on stakeholder feedback and found discrepancies in the prerequisites for each level of training within the track. An Interim Procedure has been developed to provide interested students with updated information that is more accurately in alignment with SFT intent and procedures. A curriculum development cadre will convene at a future date to review the complete curriculum and ensure alignment with the 2015 Edition of NFPA 1035 Standard on Fire and Life Safety Educator, Public Information Officer, Youth Firesetter Intervention Specialist, and Youth Firesetter Program Manager Professional Qualifications.

Analysis/Summary of Issue:

In January 2019, SFT staff compiled feedback received from stakeholders regarding the 2014 Community Risk Educator, Community Risk Specialist, and Community Risk Officer courses. There has been minimal enrollment in these courses due to the availability of the required prerequisites. SFT has identified updated courses and curriculum that would serve to supplement the prerequisites. The following additions and amendments are recommended to enhance student opportunity within the Community Risk training track.

Procedures Manual (July 2019)

In Table 6.7.2.3 Community Risk Instructor Professional Experience CFSTES Course, “Officer” has been exchanged with “Specialist” on rows 2 and 3 to correctly align the Experience requirements of the respective instructional levels.

Course Information and Required Materials (July 2019)

Community Risk Educator

- Add “Fire Inspector 1A: Duties and Administration” to “Fire Prevention I: Fire & Life Safety Inspections OR Fire Prevention 1A: Introduction to the California Fire Code Bridge OR Company Officer 2C: Fire Inspections and Investigations and Investigations OR Three college-level units in Introduction to Fire Technology” as an applicable course for satisfaction of the prerequisites.

Community Risk Specialist

- Add “NFA R0358 Changing American Families at Risk OR NFA R0385 Application of Community Risk Reduction” to “Community Risk Educator” as applicable courses for satisfaction of the prerequisites.
- Add “FEMA IS-29: Public Information Officer Awareness” to “PIO Awareness EMI G-289 State OES Delivery” as an applicable course for satisfaction of the prerequisites.

Community Risk Officer

- Add “FEMA IS-29: Public Information Officer Awareness” to “PIO Awareness EMI G-289 State OES Delivery” as an applicable course for satisfaction of the prerequisites

COMMUNITY RISK INSTRUCTOR AND COURSE PREREQUISITES UPDATE INTERIM PROCEDURES

Issued: **DRAFT**

Procedure Changes

- Edition** January 2019 edition of the State Fire Training Procedures Manual and Course Information and Required Materials (CIRM)
- Effective Date:** **DRAFT**
- Section Change:** Updated section 6.7.2.3: Professional Experience, Community Risk Educator CIRM, Community Risk Specialist CIRM, Community Risk Officer CIRM
- Justification:** Based on recommendations and feedback from stakeholders, SFT evaluated the accessibility and statewide availability of the listed prerequisites. Upon review, SFT found a distinct need for expansion of the prerequisite list.

Upon further review of SFT referenced documents, an error was identified in the Community Risk instructor requirements in which the Experience for the Specialist and Officer curriculum levels had been inadvertently misaligned.

SFT Contact [Contact SFT Staff](#) assigned to the specific certification.
