New Fire Chief Certification Process Overview

Discussion Topic

- The Cadre is seeking input on whether the NFA's Executive Fire Officer (EFO) Program Graduate certification should fulfill the certification prerequisite requirement for SFT Fire Chief Certification.
 - SFT analyzed the 17 SFT Fire Chiefs certified through the CPSE (CFOD) process (Issued between 2014 - 2024)
 - 13 out of the 17 met the Chief Officer experience requirement and would qualify under the proposed Fire Chief SFT certification prerequisite requirement
 - Of the remaining 4, two held SFT Fire Officer Certifications and the other two could not be verified.

Based on this analysis, SFT does not anticipate that requiring only the SFT (CFO/ECFO) certification as meeting the certification prerequisite requirement will create a barrier to obtaining SFT Fire Chief Certification.

Questions?

Next Steps

- SFT has a qualified applicant ready to participate in the new process
 - Pending approval from STEAC, SFT intends to proceed with this applicant
- Feedback from the applicant, PACE 4 Committee and SFT staff will be presented along with a motion for approval at the July STEAC
