SUBJECT/AGENDA ACTION ITEM:
National Reciprocity

Recommended Actions:
Approve National Reciprocity

Background Information:

State Fire Training (SFT) became nationally accredited in 2016 with the Pro Board and IFSAC for our Fire Fighter 1 certification, which includes NFPA Fire Fighter 1, Wildland Fire Fighter 1, and Haz Mat FRO/FRA. When SFT became accredited, we established a reciprocity program for out of state and DoD certifications. The reciprocity program was limited to the SFT Fire Fighter 1 certification. This item was presented at the July 12, 2019 STEAC meeting. This is the second reading of this agenda item. As of this date, we have not received any feedback or input on this item.

SFT does not have a reciprocity program in place for other out of state or DoD Pro Board/IFSAC certifications which include, but are not limited to, Driver Operator, Fire Service Instructor, and Fire Officer.

Analysis/Summary of Issue:

There is a demand for people who have out of state and DoD Pro Board and/or IFSAC certifications to be able to transfer them to the California State Fire Training System. Candidates are typically mid-career and have several certifications that California does not currently recognize.

SFT is proposing accepting Pro Board/IFSAC certifications as course equivalencies. This will allow the candidate to receive course credit for their certifications, but still require them to complete a California Certification Task Book, obtain experience in California, and apply for certification. Some certification tracks will require that the candidate completes

additional SFT courses (CFSTES or FSTEP) due to need specific knowledge for working in California.

NATIONAL RECIPROCITY Interim Procedures

Issued: **DRAFT**

Procedure Changes

- Edition** January 2019 edition of the State Fire Training Procedures Manual
- Effective Date:** **DRAFT**
- Section Change:** Updated section 9.1: Course Equivalency and Reciprocity
- Justification:** SFT is reviewing business practices to determine if there are ways to streamline processes. Task Books that are initiated by agencies instead of SFT will speed up the issuance process, as well as reduce the workload by SFT staff. SFT staff will now review all prerequisite requirements at certification application to ensure all requirements has been completed.

9.1: COURSE EQUIVALENCY AND RECIPROCITY

9.1.2: APPROVED COURSES

- A. In Table 9.1.2(A): SFT Approved Courses (~~following~~), SFT has identified the following courses as either equivalent (E) or reciprocal (R).
- B. In Table 9.1.2(B): SFT Approved Nationally Accredited Certifications, SFT has identified the following courses as equivalent (E).
- SFT only accepts IFSAC and/or Pro Board certifications based on NFPA Professional Qualifications
 - In some cases, additional courses may be required in order to receive reciprocity
 - Candidates are required to have all levels of certifications listed to be considered
- ~~B~~C. See Acronym Glossary for a complete list of provider acronyms.
