Website: www.fire.ca.gov

Date: April 12, 2024

To: Statewide Training and Education Advisory Committee
State Board of Fire Services

From: Caryn Petty, Deputy State Fire Marshal III (Specialist)

SUBJECT/AGENDA ACTION ITEM:

Peer-Based Suicide Awareness (2023) FSTEP Curriculum

Recommended Actions:

First Read of Peer-Based Suicide Awareness (2023) FSTEP Curriculum

Background Information:

State Fire Training (SFT) presents this curriculum to STEAC for Information Only. Assembly Bill (AB662) directed the State Fire Marshal, in coordination with the California Firefighter Joint Apprenticeship (Cal-JAC) Program, to develop peer-to-peer suicide prevention training curriculum and deliver the curriculum content criteria statewide. Peer-to-peer suicide awareness and prevention is an emerging topic with significant resources, research, and attention being devoted to the subject. Although NFPA standards have not yet been developed, stakeholders are demanding these subjects be addressed to educate the workforce and simultaneously influence the standards-making process.

SFT developed the FSTEP Instructor requirements, and the Peer-Based Suicide Awareness (2023) Course Plan is complete and intended to function as a stand-alone FSTEP course.

SFT selected a cadre of experienced subject matter experts with extensive subject matter and technical expertise in these disciplines from various agencies statewide and backgrounds with the mission of further developing and validating the content and instructor requirements for these FSTEP courses. Several cadre members are SFT Registered Instructors, and all have extensive experience in the clinical, practical, or operational setting with this subject matter. The diversity of experience, education, training,

and practical application of the subject matter included members from all facets of the California fire and emergency services.

The cadre developed this course during a week-long session, with additional work by the editor, cadre members, and cadre leads to finalize the course plan. As an FSTEP course, Peer-Based Suicide Awareness does not require a Certification Training Standards (CTS) Guide. The cadre established terminal learning objectives (TLO) and developed the supporting enabling learning objectives (ELO) using the latest evidence-based research, industry best practices, and using several other references as supporting documents in creating the individual course plan.

Analysis/Summary of Issue:

Course Plan

This course provides the knowledge and skills that will prepare emergency services personnel to engage in triage and direct peer-based communication for suicide prevention. All training is intended to equip personnel to provide support, help, and encouragement in a safe and effective manner. All training shall also be in accordance with AHJ policies and procedures. Topics include statistics about and barriers to wellness and accessing care including stressors, stress, anxiety, depression, crisis indicators, communication, resources, and resilience.

Peer-Based Suicide Awareness (2023) is a four-hour course including 3.25 (hours: minutes) of lecture/discussion and 0.75 (hours: minutes) of application and skills. This course is intended to be delivered as an FSTEP course by qualified SFT Registered Instructors with supplemental participation by subject matter experts and Guest Lecturers. The FSTEP course delivery provides participants with an SFT diploma upon successful completion.

SFT strongly encourages Instructors to use culturally competent clinicians and guest lecturers in accordance with the *State Fire Training Procedures Manual*, due to the specific and sensitive nature of the curriculum.

Peer supporters have an almost instant, natural rapport with their colleagues. Peers have a unique advantage in making quality connections because they often have a shared identity, vocation, experience, and mission. They have a unique understanding of their peers' frustrations, anger, stressors, concerns, and even reactions. Shared identity is inadequate if appropriate training, supervision, and evaluation are omitted.

Instructor Registration..... September 1, 2024

Instructors for the Peer-Based Suicide Awareness (2023) Course must meet the SFT requirements for Registered Instructor. Instructors must have appropriate education and practical experience relating to the specific course content. Instructors are encouraged to use subject matter experts as Guest Lecturers, in accordance with the *State Fire Training Procedures Manual*, due to the specificity of information presented in this course.

New Instructor Registration

Peer-Based Suicide Awareness (2023) Registered Instructors shall demonstrate cultural competency by verifying the following:

- Be an SFT Registered Instructor
- Complete SFT's Peer-Based Suicide Awareness (2023) course or equivalent (as approved by Cal-JAC per AB 1116)
- Have a minimum of two (2) years' full-time or four (4) years' part-time/volunteer experience within a recognized California fire agency
- Complete a minimum of one (1) approved and accredited training course specific to peer support that may include, but is not limited to, peer support services, peer-to-peer suicide awareness and/or intervention, crisis intervention, or similar training. Approved coursework includes:
 - Assisting Individuals in Crisis (ICISF)
 - Group Crisis Intervention (ICISF)
 - Peer Support Training (approved by Cal-JAC per AB1116)
 - Behavioral Health Awareness (IAFF)
 - SafeTALK (LivingWorks.net)
 - ASIST Suicide Awareness (LivingWorks.net)
- Provide a letter signed by their Fire Chief or authorized designee that verifies qualification to deliver Peer-Based Suicide Awareness training
- Submit an SFT Instructor Registration Application
- Pay the registration fee

Instructor Currency

To maintain instructor currency and relevancy, Registered Instructors for this course shall complete a minimum eight (8) annual continuing education hours obtained via verifiable topic-specific conferences, seminars, and/or workshops. Continuing education hours may be combined. Instructors are required to maintain documentation of continuing education hours for five (5) years. Registered Instructors shall submit documentation to SFT upon request.

Peer-Based Suicide Awareness (2023) Implementation Plan

Issued: July 2024

OVERVIEW

This document is intended to provide information for all State Fire Training (SFT) stakeholders on the Peer-Based Suicide Awareness (2023) Fire Service Training and Education (FSTEP) curriculum. Stakeholders are encouraged to study this information carefully and seek clarification from SFT if questions arise.

Peer-Based Suicide Awareness (2023) is a four-hour course intended to address the need for creating a peer-based suicide awareness course for all emergency-services personnel as directed by Assembly Bill 622 (Rodriguez). This course provides the knowledge and skills that will prepare emergency services personnel to engage in direct peer-based communication and triage for suicide prevention. All training is intended to equip personnel to provide support, help, and encouragement in a safe and effective manner. All training shall also be in accordance with AHJ policies and procedures. The course plan is available on the SFT website.

IMPLEMENTATION

Candidates entering the SFT system should enroll in Peer-Based Suicide Awareness (2023) and comply with its requirements.

New Curriculum	Hours
Peer-Based Suicide Awareness (2023)	4 hours

Peer-Based Suicide Awareness (2023) Curriculum..... September 1, 2024

INSTRUCTOR REQUIREMENTS

Instructor Registration..... September 1, 2024

Instructors for the Peer-Based Suicide Awareness (2023) Course must meet the SFT requirements for Registered Instructor. Instructors must have appropriate education and practical experience relating to the specific course content. Instructors are encouraged to use subject matter experts as Guest Lecturers, in accordance with the *State Fire Training Procedures Manual*, due to the specificity of information presented in this course.

New Instructor Registration

Peer-Based Suicide Awareness (2023) Registered Instructors shall demonstrate cultural competency by verifying the following:

- Be an SFT Registered Instructor

- Complete SFT's Peer-Based Suicide Awareness (2023) course or equivalent (as approved by Cal-JAC per AB 1116)
- Have a minimum of two (2) years' full-time or four (4) years' part-time/volunteer experience within a recognized California fire agency
- Complete a minimum of one (1) approved and accredited training course specific to peer support that may include, but is not limited to, peer support services, peer-to-peer suicide awareness and/or intervention, crisis intervention, or similar training. Approved coursework includes:
 - Assisting Individuals in Crisis (ICISF)
 - Group Crisis Intervention (ICISF)
 - Peer Support Training (approved by Cal-JAC per AB1116)
 - Behavioral Health Awareness (IAFF)
 - SafeTALK (LivingWorks.net)
 - ASIST Suicide Awareness (LivingWorks.net)
- Provide a letter signed by their Fire Chief or authorized designee that verifies qualification to deliver Peer-Based Suicide Awareness training
- Submit an SFT Instructor Registration Application
- Pay the registration fee

Instructor Currency

To maintain instructor currency and relevancy, Registered Instructors for this course shall complete a minimum eight (8) annual continuing education hours obtained via verifiable topic-specific conferences, seminars, and/or workshops. Continuing education hours may be combined. Instructors are required to maintain documentation of continuing education hours for five (5) years. Registered Instructors shall submit documentation to SFT upon request.

POTENTIAL AGENCY IMPACTS

Fire agencies desiring to use the Peer-Based Suicide Awareness (2023) curriculum as a requirement for their recruitment/promotion activities need to review the Peer-Based Suicide Awareness (2023) curriculum requirements to be sure that all agency training needs are met. After review, fire agencies should update their job specifications and recruitment documentation to reflect these new courses and certification requirements.

Accredited Regional Training Programs (ARTP), Accredited Local Academies (ALA), community colleges, and all other local delivery venues need to review the curriculum and seek approval from their curriculum committee/program sponsor, as appropriate. ARTPs should review the new Peer-Based Suicide Awareness (2023) curriculum and discuss potential impacts with their advisory committees.

Peer-Based Suicide Awareness (2023)

Course Plan

Course Details

Description:	This course provides the knowledge and skills that prepare emergency services personnel to engage in triage and direct peer-based communication for suicide prevention. Topics include statistics about and barriers to wellness and accessing care, stressors, stress, anxiety, depression, crisis indicators, communication, resources, and wellness and resilience.
Designed For:	Full-time, part-time, paid-call, reserve, retired, or volunteer personnel or support staff in emergency services
Prerequisites:	None
Standard:	Attend and participate in all course sections
Hours:	4 hours (3.25 hours lecture / 0.75 hours application)
Max Class Size:	30
Instructor Level:	SFT Registered Peer-Based Suicide Awareness Instructor
Instructor/Student Ratio:	1:30
Restrictions:	None
SFT Designation:	FSTEP

Student Resources

To participate in this course, students need:

- Access to all materials listed under Online Instructor Resources

Facilities, Equipment, and Personnel

Facilities and Equipment

The following are required to deliver this course:

- Standard learning environment, including:
 - Writing board or paper easel chart
 - Markers, erasers
 - A/V equipment
 - Laptop or tablet with presentation or other viewing software
 - Internet access with appropriate broadband capabilities
 - Hard copies or technology for delivering self-assessment

Draft

Timetable

Segment	Lecture	Application	Unit Total
Unit 1: Introduction			
Topic 1-1: Orientation and Administration	0.5	0.0	
Unit 1 Totals	0.5	0.0	0.50
Unit 2:			
Topic 2-1: Identifying Statistics and Barriers	0.5	0.0	
Topic 2-2: Identifying Stress, Anxiety, and Depression; Stressors; and Impacts	0.5	0.25	
Topic 2-3: Describing Indicators, Communicating, and Next Steps	1.0	0.5	
Topic 2-4: Describing Resources and Resilience Strategies	0.75	0.0	
Unit 2 Totals	2.75	0.75	3.5
Course Totals	3.25	0.75	4.0

Timetable Key

1. The Timetable documents the amount of time required to deliver the content included in the course plan.
2. Time is documented using the quarter system: 15 min. = .25 / 30 min. = .50 / 45 min. = .75 / 60 min. = 1.0.
3. The Course Totals do not reflect time for lunch (1 hour) or breaks (10 minutes per each 50 minutes of instruction or assessment). It is the instructor's responsibility to add this time based on the course delivery schedule.
4. Application (activities, skills exercises, and formative testing) time will vary depending on the number of students enrolled. The Application time documented is based on the maximum class size identified in the Course Details section.
5. Summative Assessments are determined and scheduled by the authority having jurisdiction. These are not the written or psychomotor State Fire Training certification exams. These are in-class assessments to evaluate student progress and calculate course grades.

Unit 1: Introduction

Topic 1-1: Orientation and Administration

Terminal Learning Objective

At the end of this topic a student will be able to identify facility and classroom requirements and identify course objectives, events, requirements, assignments, activities, skills exercises, resources, evaluation methods, and participation requirements in the course syllabus.

Enabling Learning Objectives

1. Identify facility requirements
 - Restroom locations
 - Food locations
 - Smoking locations
 - Emergency procedures
2. Identify classroom requirements
 - Start and end times
 - Breaks
 - Electronic device policies
 - Special needs and accommodations
 - Other requirements as applicable
3. Review course syllabus
 - Course objectives
 - Calendar of events
 - Course requirements
 - Student evaluation process
 - Assignments
 - Activities
 - Required student resources
 - Class participation requirements

Discussion Questions

1. Determined by instructor

Application

1. Have students complete all required registration forms.

Unit 2: Peer Suicide Awareness

Topic 2-1: Identifying Statistics and Barriers

Terminal Learning Objective

At the end of this topic a student, given an assignment as a first responder or support staff, will be able to identify statistics on emergency-responder mental health and suicide and identify barriers to wellness and accessing care.

Enabling Learning Objectives

1. Identify information and statistics on:
 - Mental health disorders
 - PTSD
 - Suicide (including rates compared to the general population)
2. Identify barriers to mental health and wellness
 - Intrinsic
 - Personal
 - Family/upbringing
 - Cultural
 - Biological predisposition
 - Preexisting conditions
 - Extrinsic
 - Gaps in self-care
 - Social substance use
 - Diet, sleep behaviors, and exercise
 - Professional
 - Workplace culture
 - Boundaries
 - Fear of professional repercussions
 - Access to care
 - Willingness to access care
 - Peer perception
 - Supervisor perception
 - Agency perception
 - Workers' compensation
 - Insurance and affordability
 - Concerns about impacts on family or personal life
 - Generational
 - Lack of culturally competent resources
 - Peer support
 - Clinicians
 - Chaplaincy
 - Treatment and recovery services for public safety

Discussion Questions

1. For you and your peers, what are barriers to maintaining behavioral health and

wellness?

2. For you and your peers, what are barriers to accessing care?

Application

1. Determined by instructor

Instructor Notes

1. This curriculum is not limited to first responders. The course content can be applied to a much larger network. Peers may be fellow first responders; they may also be anyone in professional or personal relationships with those who are struggling.
2. It is important to note that statistics are often inaccurate due to underreporting. There also may not be data collected for some first-responder professions.

Draft

Topic 2-2: Identifying Stress, Anxiety, and Depression; Stressors; and Impacts

Terminal Learning Objective

At the end of this topic a student, given an assignment as a first responder or support staff, will be able to identify stress, anxiety, and depression; identify common stressors; and describe the impacts of stress.

Enabling Learning Objectives

1. Define types of stress
 - Acute
 - Chronic
2. Describe stress injuries
 - Moral
 - Traumatic
 - Grief/loss
 - Cumulative
3. Describe signs and symptoms of and reactions to stress
 - Cognitive
 - Behavioral
 - Emotional
 - Physical
 - Spiritual
 - Any stressors without mitigating resilience practices can become risk factors for suicide
4. List common stressors found in various situations and environments
 - On-duty/workplace
 - Sleep deprivation
 - Relationships
 - Peers/coworkers
 - Supervisors
 - Community
 - Environmental stressors
 - Chaotic work environment
 - Noise
 - Working conditions
 - Sensory discomfort
 - Climate/weather
 - Lack of needs being met
 - Off-duty/family and personal life
 - Transitioning to home life
 - Responding to incidents
 - Extended assignments/mandatory overtime
 - Long-term injuries
 - Training

- Demands
 - Gaps
5. Describe impacts of stress
 - Stress and the brain
 - Parasympathetic versus sympathetic (fight or flight)
 - Hypervigilance
 6. Describe behaviors associated with unmanaged stress
 - Anger and irritability
 - Sleep problems
 - Depression and anxiety
 - Marital and family issues
 - Substance abuse
 - Addictions
 - Other forms of self-harm or risky behavior
 - Thoughts of suicide
 - Suicide
 7. Describe the stress model continuum
 8. Describe adverse childhood experiences (ACEs)

Discussion Questions

1. What stressors are present in your and your peers' workplace?
2. What past/present stressors and current behaviors may be impacting your and your peers' mental health?
3. How would you describe your profession's cultural relationship with substance use and the impact on peers?
4. How does your profession's cultural relationship with alcohol or substance use affect you and your relationships?

Application

1. Given the Adverse Childhood Experiences Questionnaire for Adults, have students perform a self-assessment for adverse childhood experiences (ACEs).

Instructor Notes

1. The Firefighter Behavioral Health Alliance website includes a white paper on moral injury.

Topic 2-3: Describing Indicators, Communicating, and Next Steps

Terminal Learning Objective

At the end of this topic a student, given a list of resources and an assignment as a first responder or support staff, will be able to describe indicators that a person may be in crisis or struggling with thoughts of suicide, demonstrate direct communication about suicide, and describe next steps.

Enabling Learning Objectives

1. Describe indicators that a person may be thinking about suicide
 - Verbal and nonverbal cues
 - Changes in life situation
 - Changes in behavior
 - Your intuition tells you they are suffering from pain or loss
2. Explain why prompt action in response to these indicators is critical
3. Describe how to directly communicate about suicide
 - Approach
 - Respectful, calm, nonjudgmental, nonconfrontational, validating
 - Timing and setting
 - Active listening techniques
 - Not “fixing”
 - Expressing concern citing specific reasons using indicators that a person may be at risk for suicide
 - Directly asking either “Are you thinking about suicide?” or “Are you thinking about killing yourself?”
4. Identify limitations as a peer
 - Not a trained mental health professional
 - Times when you have to let it go
 - Prioritizing personal safety
 - Immediate danger and calling 911
5. Demonstrate directly asking if the person is thinking about suicide
 - Express specific reasons for concerns
 - Ask either “Are you thinking about suicide?” or “Are you thinking about killing yourself?”
6. Describe how to respond when a person is considering suicide
 - Ask follow-up questions and continuing active listening
 - Stay with the person, show compassion, and encourage them to participate in decisions
 - Access immediate support
 - Workplace support
 - Suicide hotline (988) or other public resources
7. Describe how to respond when a person is not considering suicide
 - Reiterate specific concerns based on the indicators above
 - Reevaluate and discuss crisis indicators

- Directly ask again, “Are you thinking about suicide?” or “Are you thinking about killing yourself?”
 - If the answer is no but suicide concerns remain, provide access to support
 - Workplace support
 - Suicide hotline (988) or other public resources
8. Describe how to respond to a “no” that resolves your concerns about suicide
- Refer person to resources and support

Discussion Questions

1. What are some common misconceptions about suicide?
2. What biases and barriers can prevent people from talking to their peers about suicide?
3. What are some specific changes in behavior, statements people might make, or life changes that could indicate thoughts of suicide?
4. What are some specific, nonjudgmental follow-up questions you can ask if someone tells you they are thinking about suicide?
5. How will you care for yourself regardless of outcome?

Application

1. Activity 2-3: Asking a Peer if They Are Thinking about Suicide

Instructor Notes

1. Underscore that noticing the indicators in ELO 1 should be followed up with directly asking about suicide as soon as possible. There may need to be a change of venue or brief delay for confidentiality or other reasons, but the concerned person must promptly continue the conversation and get the peer support for safety’s sake.
2. Direct students to ask themselves if a person displaying any of the indicators in ELO 1 is suffering from pain or loss and remind them that different events impact people differently.
3. Refer to the American Foundation for Suicide Prevention’s “Risk Factors, Prevention Factors, and Warning Signs” and Suicide Prevention Resource Center’s “Warning Signs of Suicide” for more details on specific indicators that someone is thinking about suicide.
4. Refer to the Center for Creative Leadership’s “How to Use Active Listening Skills to Coach Others,” Her Honor Mentoring’s “Active Listening Skills,” Mind Tools’s “Active Listening,” and NAMI’s “How to Talk (and Listen to) Someone Experiencing Suicidal Thoughts” for information on active listening.
5. Refer to NAMI’s “How to Talk (and Listen to) Someone Experiencing Suicidal Thoughts” for a list of follow-up questions and more information on direct communications.
6. Point out that respectfulness means not gossiping.
7. Students need to understand that there is a point when they have done all they can and that they can only encourage and offer resources to someone who resists support. In cases such as this, the student should contact a peer support member or local support network.

Topic 2-4: Describing Resources and Resilience Strategies

Terminal Learning Objective

At the end of this topic a student, given an assignment as a first responder or support staff, will be able to describe resources and resilience strategies for maintaining wellness and assisting struggling peers.

Enabling Learning Objectives

1. Define resilience
2. Identify and describe resilience strategies, including but not limited to:
 - Sleep hygiene
 - Diet/nutrition
 - Yoga
 - Mindfulness
 - Meditation
 - Spirituality
 - Self-compassion
 - Exercise
 - Rest
 - Communication
 - Personal
 - Professional
 - Work-to-home transition
3. Demonstrate brief relaxation techniques
 - Box breathing
 - Meditation
 - Other
4. Describe resources available in the AHJ, such as:
 - Culturally competent clinicians
 - Peer support
 - Preventive tools
 - Employee assistance programs
 - Chaplains
5. Describe external resources, such as:
 - Community and faith-based groups
 - Support groups
 - Health care system
 - Culturally competent clinicians
 - Hotlines and crisis resources
 - Apps and podcasts
6. Explain the requirements of mandated reporting
 - AHJ requirements
 - Reporting guidelines
 - Expectation of privacy does not apply

Discussion Questions

1. What resilience strategies do you find helpful?
2. What resources are available in your jurisdiction?
3. What is the difference between the confidentiality required of trained support resources and the privacy expectations of those in your professional or personal network?

Application

1. Determined by instructor

Instructor Notes

1. Provide a list of local resources for care and wellness.
2. Address that culturally competent or vetted clinicians are ideal, but faced with a lack of these resources, people should still access whatever care is available.
3. Encourage students to identify specific local resources prior to need.

Draft

Acknowledgements

State Fire Training appreciates the hard work and accomplishments of those who built the solid foundation on which this program continues to grow.

State Fire Training gratefully acknowledges the following individuals and organizations for their diligent efforts and contributions that made the development and publication of this document possible.

CAL FIRE

1. Joe Tyler, Director
2. Daniel Berlant, State Fire Marshal
3. Chris Fowler, Chief of State Fire Training
4. Mike Richwine, Chair, Statewide Training and Education Advisory Committee (STEAC); State Fire Marshal (retired), CAL FIRE

Cadre – 2023 Curriculum Development

Leadership

1. Caryn Petty, Cadre Lead, Deputy State Fire Marshal III, Specialist, CAL FIRE
2. Laura Garwood, Editor, Sacramento State

Members

1. John Albin, Fire Captain, Oxnard Fire Department
2. Steve Blackburn, Fire Captain, Los Angeles County Fire Department
3. Jeremy Crawford, Fire Captain, Sacramento Metropolitan Fire District
4. Richard Harrison, Lieutenant, McCloud Fire Department
5. Sam Lazarich, Battalion Chief, CAL FIRE
6. Mike Leinen, Fire Captain, Redlands Fire Department
7. Jason Loya, Deputy Chief, Palm Springs Fire Department
8. William McLaughlin, Fire Captain, San Diego Fire-Rescue Department
9. Mary Murphy, RN, Medical Services Officer, North County Fire Protection District
10. Damon Nordby, Fire Captain, West Sacramento Fire Department
11. Meghan Reid, Engineer Paramedic, Fairfield Fire Department
12. Kristin Thompson, RN, EMS Division Chief, Newport Beach Fire Department/Cal Chiefs EMS Section
13. Brandon Willson, Battalion Chief, Corona Fire Department

How to Read a Course Plan

A course plan identifies the details, logistics, resources, and training and education content for an individual course. Whenever possible, course content is directly tied to a national or state standard. SFT uses the course plan as the training and education standard for an individual course. Individuals at fire agencies, academies, and community colleges use course plans to obtain their institution's consent to offer courses and provide credit for their completion. Instructors use course plans to develop syllabi and lesson plans for course delivery.

Course Details

The Course Details segment identifies the logistical information required for planning, scheduling, and delivering a course.

Required Resources

The Required Resources segment identifies the resources, equipment, facilities, and personnel required to deliver the course.

Unit

Each Unit represents a collection of aligned topics. Unit 1 is the same for all SFT courses. An instructor is not required to repeat Unit 1 when teaching multiple courses within a single instructional period or academy.

Topics

Each Topic documents a single Terminal Learning Objective and the instructional activities that support it.

Terminal Learning Objective

A Terminal Learning Objective (TLO) states the instructor's expectations of student performance at the end of a specific lesson or unit. Each TLO includes a task (what the student must be able to do), a condition (the setting and supplies needed), and a standard (how well or to whose specifications the task must be performed). TLOs target the performance required when students are evaluated, not what they will do as part of the course.

Enabling Learning Objectives

The Enabling Learning Objectives (ELO) specify a detailed sequence of student activities that make up the instructional content of a lesson plan. ELOs cover the cognitive, affective, and psychomotor skills students must master to complete the TLO.

Discussion Questions

The Discussion Questions are designed to guide students into a topic or to enhance their understanding of a topic. Instructors may add to or adjust the questions to suit their students.

Application

The Application segment documents experiences that enable students to apply lecture content through cognitive and psychomotor activities, skills exercises, and formative testing. Application experiences included in the course plan are required. Instructors may add additional application experiences to suit their student population if time permits.

Instructor Notes

The Instructor Notes segment documents suggestions and resources to enhance an instructor’s ability to teach a specific topic.

CTS Guide Reference

The CTS Guide Reference segment documents the standard(s) from the corresponding Certification Training Standard Guide upon which each topic within the course is based. This segment is eliminated if the course is not based on a standard.

Skill Sheet

The Skill Sheet segment documents the skill sheet that tests the content contained within the topic. This segment is eliminated if the course does not have skill sheets.

Activity 2-3: Asking a Peer if They Are Thinking about Suicide

Format: Groups of two students

Time: 30 minutes

Description

This activity provides students with an opportunity to observe and interpret fire dynamics.

Materials

- Classroom setting
- Whiteboard or chart paper
- Writing implements

Student Instructions

1. Use the scenario written on the board and, with your partner, take turns practicing being peers and going through the steps that were just demonstrated.
2. Keep the discussion simple and use the script for the questions being asked. This is just practice, and it's OK if it's an awkward or simplified version. Practicing asking the question will make it easier to ask it in real life.
3. When it is your turn to check in with your peer, cite the indicators you are concerned about, ask your peer, "Are you thinking about suicide?" or "Are you thinking about killing yourself?"
4. When you are the peer being asked if you are thinking about suicide, your answer will be a clear "yes".
5. When your peer says "yes" ask, "Can we work together to get you some help?"
6. You have three minutes in each role. You will be told when it is time to switch roles.

Instructor Notes

1. Review exercise and learning objectives.
2. Ask students for an example (non-work-related) setting for a conversation with a peer (i.e., a coffee shop or a park). Write it on the board (or paper).
3. Ask students to describe a relationship between two peers (i.e, co-workers, friends, neighbors, employee/supervisor, etc.). Write it on the board (or paper).
4. Ask students to brainstorm potential indicators of suicidal thoughts. Choose two indicators (one behavioral and one life change). Write them on the board (or paper). Tell students these indicators are known by both peers.
5. Describe the full scenario including the setting, the relationship, and the indicators. Tell students that when their peer asks if they are thinking about suicide, their answer will be "yes."

6. Students will not demonstrate the whole conversation including follow-up questions and specific resources; they will practice the part that can be most uncomfortable at first: asking a peer if they are thinking about suicide.
7. Give students instructions:
 - a. With a student partner as your peer, demonstrate acting out the scenario. Cite specific indicators causing your concern and directly ask, “Are you thinking about suicide?” or “Are you thinking about killing yourself?”
 - b. Demonstrate acknowledging your peer’s answer (“Sounds like you have a lot going on.”) and validating their pain.
 - c. Ask your peer, “Can we work together to get you some help?”
8. Direct the students to practice the scenario with their partners.
9. Debrief with the whole class, asking about the activity.

Peer Support (2023) Interim Procedures

Issued: **Month** 2024

Procedure Changes

Edition: May 2020 edition of the *State Fire Training Procedures Manual*

Effective Date: **Month #**, 2024 (anticipated)

Section Changes: Modify and update the following sections:

- **6.11.1: BEHAVIORAL HEALTH AND CANCER AWARENESS INSTRUCTOR INSTRUCTOR**

Justification: SFT created the Peer-Based Suicide Awareness (2023) curriculum in compliance with Assembly Bill 662 – State Fire Marshal and Emergency Medical Services Authority: Peer-to-Peer Suicide Prevention (2021-2022, Rodriguez). This update provides a directive for Instructor qualification in alignment with the California Firefighter Joint Apprenticeship Committee. The identified Registered Instructor qualifications follow similar SFT curricula from the State Fire Training course catalog.

SFT Contact: SFT Staff assigned to instructor registration.

Note: All new text appears in underline. All deleted text appears in ~~strikeout~~.

6.11: INSTRUCTIONAL DISCIPLINES

6.11.1: BEHAVIORAL HEALTH AND CANCER AWARENESS INSTRUCTOR

6.11.1.2: General Qualifications

A. A Registered Primary Instructor for a Fire Service Training and Education Program (FSTEP) Fire Control course shall meet the qualifications required of all State Fire Training (SFT) Registered Primary Instructors.

1. See 6.2.1: Qualifications.

6.11.1.3: Course Work

A. Behavioral Health and Cancer Awareness 1A

1. A Registered Instructor for Behavioral Health and Cancer Awareness 1A must have attended and passed Behavioral Health and Cancer Awareness 1A

B. Behavioral Health and Cancer Awareness 2A

1. A Registered Instructor for Behavioral Health and Cancer Awareness 1A must have attended and passed Behavioral Health and Cancer Awareness 1A and 2A

C. Behavioral Health and Cancer Awareness 3A

1. A Registered Instructor for Behavioral Health and Cancer Awareness 1A must have attended and passed Behavioral Health and Cancer Awareness 1A, 2A, and 3A

D. Peer-Based Suicide Awareness Instructor must have attended and passed Peer-Based Suicide Awareness

1. SFT accepts course completions in alignment with the California Firefighter Joint Apprenticeship Committee (Cal-JAC) per AB 1116
2. Complete a minimum of one (1) approved and accredited training course specific to peer support that may include, but are not limited to, peer support services, peer-to-peer suicide awareness and/or intervention, crisis intervention, or similar training. Example coursework:
 - i. Assisting Individuals in Crisis (ICISF)
 - ii. Group Crisis Intervention (ICISF)
 - iii. Peer Support Training (approved by Cal-JAC per AB1116)
 - iv. Behavioral Health Awareness (IAFF)
 - v. SafeTALK (LivingWorks.net)

vi. ASIST Suicide Awareness (LivingWorks.net)

6.11.1.4: Professional Experience

A. A Registered Primary Instructor for an FTSEP Behavioral Health and Cancer Awareness or Peer-Based Suicide Awareness course shall meet the professional experience qualifications listed below.

1. Performing in an “acting” capacity does not qualify.

Table 6.11.1.34: Behavioral Health and Cancer Awareness Instructor Professional Experience

FSTEP Course	Experience
<ul style="list-style-type: none"> • Behavioral Health and Cancer Awareness 1A: Front-Line Responder • Behavioral Health and Cancer Awareness 2A: First-Level Supervisor • Behavioral Health and Cancer Awareness 3A: Organizational Leader 	<ul style="list-style-type: none"> • A minimum of five (5) years’ full-time employment within a recognized fire agency in California OR a minimum ten (10) years’ volunteer or paid-call employment within recognized fire agency in California • A minimum of two (2) years’ experience in at least one of the following fire service behavioral health area(s): Peer Support, Peer Instructor, Policy Development, Agency health and wellness programs, and/or Agency injury/illness prevention programs • A minimum of two (2) years’ experience in at least one of the following fire service cancer mitigation and exposure reduction area(s): Cancer mitigation and exposure reduction programs, Policy Development, Agency health and wellness programs, and/or Agency injury/illness prevention programs
