Ethical Leadership for Instructors (2018) Curriculum and Instructor Requirements

Recommended Actions:

Approve the Ethical Leadership for Instructor (2018) Curriculum and Instructor Requirements

Background Information:

Ethical Leadership for Instructors (2018), was presented to STEAC on April 12, 2019. There was discussion regarding the detailed qualifications for becoming a registered instructor. SFT Staff is suggesting to have an option for utilizing a PACE II review for candidates who may not meet the identified experience. Example: ten years of military service, Bachelors Degree in Ethics with 2 years fire service experience to become a new registered instructor. No other questions or concerns have been received related to this topic from STEAC or any stakeholders.

In addition, Ethical Leadership for Instructors (2018), was presented to STEAC on October 12, 2018. There was discussion regarding the delivery of three (3) California Fire Service Training and Education System (CFTES) courses within the last five (5) years of application to qualify as a Primary Instructor. Staff has captured the qualifying statement, "Utilize a PACE review for candidates who do not meet 120 hours experience" to address this concern. No other questions or concerns were received related to this curriculum.

The curriculum presented in the past was Ethical Leadership in the Classroom which has been a requirement for Primary Instructors since 2007/2008. Ethical Leadership in the Classroom (Ethics) was developed to professionally develop and qualify instructors who

delivery courses for both the Fire Service Training and Education Program (FSTEP) and the California Fire Service Training and Education System (CFSTES).

Ethics has been a cornerstone to qualifying instructors to delivery fire service training throughout California.

State Fire Training Staff was tasked with updating and bringing Ethics into the established curriculum design model utilizing the SFT course plan. A curriculum cadre was gathered that represented the stakeholders of the California Fire Service to review and confirm best practiced concepts drawing from the vast amount of resources that address ethical concerns incorporating modern educational theory.

Analysis/Summary of Issue:

1. The new course, Ethical Leadership for Instructors (2018), will become the new course requirement for all individuals seeking primary instructor registration with SFT.
2. The past course, Ethical Leadership in the Classroom (2007), will retire with final approval and posting of the new course. Both course completions will continue to meet the requirements for all individuals seeking primary instructor registration with SFT.
3. All candidates seeking to become a primary instructor will continue to complete and sign the SFT Instructor Code of Ethics/Conduct.
4. The new course, Ethical Leadership for Instructors (2018), will align with the SFT Curriculum Development Model (2012) as the course content and materials will continue to maintain instructor professionalism.
5. New instructors shall complete the following instructor requirements:
 - Completion of CFSTES - Fire Instructor 2A, 2B, and 2C or FSTEP - Techniques of Evaluations, Group Dynamics, and Employing Audio Visual Aids
6. New instructors shall have the following rank and professional experience requirements:
 - Have a minimum of five years' full-time paid experience in a Recognized Fire Agency in California
 - Held the rank of company officer or above for a minimum of two years
 - Have a minimum of five years' experience as an SFT registered instructor in good standing
 - Taught a minimum of three CFSTES courses within the last five years **OR** Taught a minimum combination of 120 hours of State Fire Training courses or Community College courses within the last five years **OR**
 - Utilize a PACE II review for candidates who do not meet the identified experience. Example: ten years of military service, Bachelor's Degree in Ethics with 2 years fire service experience to become a new registered instructor.
7. Upon instructor approval: all new Ethical Instructors shall have a minimum of one delivery of Ethical Leadership for Instructors (2018) which must be evaluated by an authorized designee of the Chief of State Fire Training
 - The authorized designee shall submit a letter signing-off the successful requirement to the Chief of State Fire Training for their administrative review and approval.
