From: Chris Fowler, Chief, State Fire Training

SUBJECT/AGENDA ACTION ITEM:

AAIM Course Retirement (Advanced All-Hazards Incident Management, 2012)

Recommended Actions:

Consent

Background Information:

State Fire Training (SFT) manages the curriculum and provides course completion diplomas for 163 courses. The Advanced All-Hazards Incident Management (2012) that is instructed by CAL FIRE for Type-I incident management teams (IMT) has been identified as outdated and requests removal from the SFT catalog.

Analysis/Summary of Issue:

SFT will retire the AAIM course upon State Board of Fire Services approval.

FSTEP Course	Notes
Advanced All-Hazards Incident Management, 2012	3 deliveries since 2019

In discussion with the CAL FIRE Statewide Training Program, this has been an agency delivered course. An updated training course shall be provided within the department, with the proposal to SFT adopt any future course(s) as to be determined. Any candidate seeking complex incident management courses may enroll in the FEMA Type 3 All-Hazards Incident Management Team (O-0305) Course or ICS-420 Incident Management Team 1 as alternatives to AAIM.

Potential Agency Impacts:

All instructors, agencies, and academies delivering courses are responsible for ensuring the most current curriculum is used.
