Date: July 8, 2022

To: Statewide Training and Education Advisory Committee
c/o State Fire Training

From: Caryn Petty, Deputy State Fire Marshal III (Specialist)
State Fire Training

Subject/Agenda Action Item:

Los Medanos College Accredited Regional Training Program (ARTP) Reaccreditation

Recommended Actions:

Recommend Los Medanos College be provided Accredited Regional Training Program (ARTP) Reaccreditation in the State Fire Training (SFT) system for a period of five (5) years.

Background Information:

A Reaccreditation Site Evaluation was conducted on May 26, 2022, at the Los Medanos College Fire Academy training facility at 2945 Treat Boulevard in Concord, CA. The accreditation visit was conducted by Deputy State Fire Marshal III (Specialist) Caryn Petty, State Fire Training. The College's Self-Assessment Report (SAR) was reviewed and discussed with Fire Technology Chair Mike Grillo and Dean of Instruction, CTE & Workforce Development, Dennis Franco. All documentation is complete and has met the requirements as set forth by State Fire Training policies and procedures. The review of the SAR was followed by a tour of all classrooms and training facilities with opportunity to assess training course records and equipment complement.

Analysis/Summary of Issue:

A tour of the training facilities indicated sufficient classroom space with a fully functioning and compliant training tower complete with all necessary props, tools, equipment, and vehicles to accommodate a fire academy training program. Los Medanos College utilizes

the Fire Fighter (2019) curriculum and possesses all necessary materials for successful and complete Certification Examination delivery.

The College campus exhibits appropriate California Fire Code-compliant classrooms equipped with enhanced audio/visual equipment and necessary learning aids. All Academy recruits are provided sufficient study materials, devices, and equipment for applicable success within the Academy training. Several Registered Instructors participate in the Academy delivery with members from regional partners complementing the need for Registered Instructors and Evaluators.

Area(s) of focus for growth and improvement:

- Continued Fire Advisory Committee/Board meetings are recommended to continue fostering the growing relationships in the region. This Committee should include varied members from the region for enhanced networking and partnership opportunities.
- Improved locker rooms, shower facilities, decontamination stations, and multiple extractors will serve to accommodate a safe and healthy learning environment. It is recommended that procurement of additional facilities be explored to ensure student safety.
- It is recommended that procurement exploration be conducted for the following:
 - o Mobile devices (tablets) for supplementation of instructional delivery and Certification Exam participation
 - o Full PPE for applicable instructors
 - o Materials for rebuild/retrofits of existing props (roof, vent over fire, burn containers, vehicle fire)

Los Medanos College provides a diverse student population with an affordable, robust, and well-rounded training program, bolstered by active recruitment and outreach efforts. Through ongoing mentoring, the College is ensuring instructor relevance and program sustainability. Los Medanos College possesses an unwavering devotion to complete student development, serving students and fire service professionals, alike.

State Fire Training recommends continued recognition of Los Medanos College as an Accredited Regional Training Program in the State Fire Training system for a Reaccreditation period of five (5) years.
