Join CAL FIRE – Office of the State Fire Marshal for a webinar introducing the new Sprinkler Fitter Certification Act (SB 1299) and its updates to regulations governing fire suppression system work. We will cover the certification and registration requirements for trainees, apprentices, and certified fitters, while also outlining contractor and public agency responsibilities to ensure personnel are properly qualified and supervised. Participants will learn about the expanded enforcement authority of local fire agencies, including their roles in complaint investigations and inspections.

Space is limited — early registration is encouraged!

Topics Include

- New certification and registration requirements
- Expanded enforcement responsibilities for local authorities
- Accountability requirements for contractors and public entities
- New administrative processes, fees, and penalties
