

FHSZ Statewide and County Acres Comparison

This table shows the updated FHSZ acreage designations by county after adjustments were made to the June 15, 2023 FHSZ map following public comment. These adjustments are reflected in the new map dated September 29, 2023 and resulted in 7,168 acres of Very High FHSZ reclassified as High (6,993 acres) and Moderate (175 acres) FHSZ.

The numbers in the table reflect a precision adjustment to show zones in whole acres.
