Building Materials Listing (BML) Program  
APPROVED TESTING LABORATORIES**

An approved testing organization is any person, firm, corporation, or association equipped or having access to facilities which are equipped to perform tests in accordance with the **California State Fire Marshal's testing procedures**. Approved testing organizations are divided into the following types:

- Type A**            Those who are qualified and equipped to conduct tests and examinations, have a labeling program, and conduct factory inspections of the materials and workmanship used in production of the listed items.
  
- Type A1**           Those who are qualified and equipped to conduct designated tests and examinations and have a recognized labeling and factory inspection program for specific products.
  
- Type B**            Those who are qualified and equipped to conduct all forms of tests and examinations but do not conduct factory inspections.
  
- Type B1**           Those who are qualified and equipped to conduct designated tests and examinations but do not conduct factory inspections.
  
- Type C**            Those who are qualified to conduct or supervise all forms of tests and examinations and who may utilize the facilities of other firms for the necessary testing equipment.
  
- Type C1**           Those who are qualified to conduct or supervise designated tests and examinations and who may utilize the facilities of other firms for the necessary testing equipment.
  
- Type D**            Organizations, firms, corporations, or associations who possess approved equipment for testing, as designated, when utilizing the services of a Type C or C1 organization.
