May 01, 2026

To All Interested Independent Hydrostatic Testing Firms and Operator Personnel

SUBJECT: The OSFM Hydrotest Class is Back!

This class is designed to go over the procedures and processes associated with being on OSFM's list of approved Independent Hydrostatic Testing Firms. The in-person class size will be limited to 40 people and registration is on a first come first serve basis. Virtual attendance will be unlimited.

The class will be held at:

3780 Kilroy Airport Way, Suite 500
Long Beach, CA 90806

On June 09, 2026 from 09:30 a.m. to 12:00 p.m.

The class is intended for personnel of the approved **Independent Hydrostatic Testing Firms**, Operator Personnel and any interested parties with a vested interest in Hydrostatic Testing.

The Class Agenda is as follows:

- 1. History of OSFM and Integrity Assessments**
- 2. Regulations, Federal and State associated with Integrity Assessments (Includes the new SB 237 bill for testing out of service pipelines)**
- 3. The importance of an Integrity Assessment**
- 4. OSFM Process and Procedures (How to obtain Hydrotest ID's)**
- 5. Relationship between the Independent Tester and The Operator**
- 6. How to submit Hydrotest Results (Failed Hydrotests)**
- 7. The Hydrotest Manual (<https://osfm.fire.ca.gov/what-we-do/pipeline-safety-and-cupa/hydrostatic-testing>)**
- 8. A successful Hydrotest Example. A look at what a well-executed Hydrotest would look like from OSFM's perspective.**

I look forward to hosting this Hydrotest Class session. See you in class!

Sincerely,

BRENDAN FEERY
Supervising Pipeline Safety Engineer
