OVERVIEW

This document aims to provide training providers with a history of changes, corrections, and other errors discovered in the following documents.

ERRATA

Fire Fighter 1A: Structure

Rev. Date	Skill(s)	Description
12/18/19	N/A	Published
05/04/20	3-9B	Performance Measure Step #7 was updated from "Assesses victim..." to "Assesses downed fire fighter..." which matches the terminology across the curriculum and is the more appropriate term.
05/19/20	10-3B (Nozzle)	Performance Measure #4 originally had a typographical error and was updated from "Retrieves 1 ½ foot nozzle" to "Retrieves 1 ½ inch nozzle".
03/11/22	3-5	Added JPR references to 3-5: <i>Activate an Emergency Call and Exit a Hazardous Area</i> JPR numbers 4.2.4, 4.3.1, and 4.3.9 were added to the General Information header at the top of the skill sheet.
03/11/22	3-6	Added Performance Measure to 3-6: <i>Lift, Carry, Raise, and Ascend Ground Ladder</i> "Mount, ascend, descend, and dismount ladder" was added and is now Step 11. This step was being performed by agencies, but it was originally omitted from the required steps. The skill sheet title has also been updated accordingly.
03/11/22	3-7	Added Performance Measure to 3-7: <i>Attack a Passenger Vehicle Fire</i> "Assess and controls fuel leaks" was added and is now Step 13. This step was originally omitted from the required steps.
03/11/22	3-9A	Clarified missing noun on 3-9A: <i>Search for and Rescue a Victim with no Respiratory Protection</i> Performance Measure #9 was updated from "Report on conditions of search..." to "Report on conditions and completion of search...". The noun "completion" was missing from this step.
03/11/22	3-10C	Clarified missing subtext on 3-10: <i>Attack a Simulated Interior Structure Fire</i> Performance Measure #14 was updated from "Checks for fire extension" to "Checks for fire extension (interior wall, subfloor)". The "interior wall/subfloor" component was missing from this step.
03/11/22	3-12	Added a roof type to 3-12: <i>Perform Vertical Ventilation on a Structure</i> Under the Variables section the option to select a basement roof type was originally omitted and now has been updated.
03/11/22	3-13A	Clarified extinguishment to 3-13a: <i>Overhaul a Fire Scene</i> Performance Measure #6 was updated from "Exposes and extinguishes hidden fires..." to "Exposes and <u>completely</u> extinguishes hidden fires...". The word "completely" was added to clarify this performance measure.

FIRE FIGHTER (2019)

Skills Sheet Errata

03/11/22	3-13B	Added JPR references to <i>3-13b: Remove Charred Materials</i> JPR number 4.3.14 was added to the General Information header at the top of the skill sheet.
03/11/22	3-15B	Updated <i>3-15b: Hose Lay</i> (formerly Forward Hose Lay) Skill Sheet was missing the variable option to perform a reverse hose lay. Subsequently the title, performance outcome, variable section and performance measure sections were updated to accommodate for a reverse hose lay per the JPR 4.3.15.
03/11/22	3-18	Added Performance Measure to <i>3-18: Turn Off Building Utilities</i> "Identifies hazards present and controls/avoids" was added and is now Step 2. This step was originally omitted from the required steps.
03/11/22	3-19	Added Variable options to <i>3-19: Combat a Ground Cover, Debris, or Exterior Fire</i> Skill Sheet steps remain the same, but the Variables section below the candidate directives (Ground Cover Fire, Debris Fire, and Exterior Fire) was originally omitted.
03/11/22	4-2A	Added JPR references to <i>4-2a: Replace a Burst Section of Hose</i> JPR number 4.3.10 was added to the General Information header at the top of the skill sheet.
05/24/22	3-15B	Fixed hose length Skill Sheet candidate directive incorrectly stated to perform with a minimum of "100" feet of supply hose. The correct number is "50" feet and has been updated.

Skills Sheet Errata

Fire Fighter 1B: HazMat FRA/FRO

Rev. Date	Skill(s)	Description
12/18/19	N/A	Published
11/12/21	7-2	Fixed numbering format in skill sheet 7-2: <i>Perform Product Control</i> . The skill sheet originally displayed 13 steps for completion when the intention was to only require 4 steps. The second step is based on selecting one of nine scenarios. These nine variable scenarios were being counted as a required step.
03/11/22	6-4	Three updates to 6-4: <i>Perform Assigned Tasks at a Hazmat/WMD Incident</i> : 1-Updated verb in Performance Measure #10 from “Describe” to “Demonstrate”. 2-Added missing Performance Measure “isolate contaminated tools, equipment, and PPE”. This was included in the Course Plan but was not made explicit on the skill sheet. This new skill is now #7. 3-Updated/Clarified Performance Measure #1 to now state “Choose, inspect, don, work in, and go through decontamination while wearing, and doffing approved PPE”. This was included in the Course Plan and CTS but was not made explicit on the skill sheet.
